

SNOOKS

Introducing the Snooks Trail, an exciting new character trail organised by Make It York in collaboration with charity partner St Leonard's Hospice.

This trail will take you on a captivating journey through York's historic cobbled streets and hidden gardens.

Prepare to be enchanted as you encounter 21 Snooks scattered throughout the city. These unique sculptures, sponsored by local businesses, have been brought to life by talented artists. Each with its own identity and style – which will be your favourite?

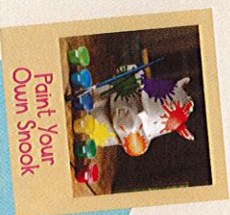

When you need to refuel, the Shambles Food Court offers the finest food-to-go. If you lose your way while exploring the city in search of the Snooks, then our friendly team at the Visitor Information Centre on Parliament Street will be your guide and help put you back on track.

St Leonard's Hospice

Caring for Local People

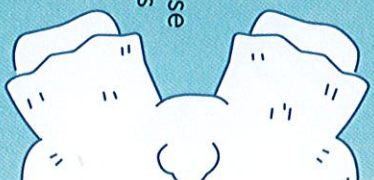

We are delighted that our chosen charity for the Snooks Trail is St Leonard's Hospice.

St Leonard's Hospice is a leading provider of palliative and end-of-life care across York and North Yorkshire. It cares for people with a range of life-limiting illnesses including cancer, multiple sclerosis, motor neurone disease and Parkinson's disease. It also provides bereavement support for anyone in the community dealing with grief. St Leonard's vision is that everyone living with a life-limiting illness has access to the best possible care and will be supported to die well.

Services at St Leonard's Hospice include a specialist in-patient unit providing round the clock care, Hospice@Home, a Carer Support Service, a Single Point of Coordination telephone service and wellbeing drop-in sessions.

Last year the Hospice cared for more than 1,000 local people. While the care is always provided free of charge, it is not free to provide. As it only receives 30% of its funding from the Government, St Leonard's must raise nearly £8 million a year to run all its services. Its unrivalled care is only possible thanks to the generosity of the public. Your support makes a huge difference.

About the Snooks

Snooks are a bookish breed, often found in cosy corners with their faces buried inside the pages of a good book. They've been here in York for a long time, as long as even The Norman House (the oldest building in York) but they are a little more hidden away than the historic sights of the city that you're familiar with. But recently sightings of Snooks have skyrocketed, and it looks like these friendly folk have been enjoying some sightseeing around the city walls.
